

Trail Manager Training

4/1/2023

Download the Ramblr App

- Download Ramblr App
 - Sign up with Facebook/Google **OR** by creating a username
 - **Allow Ramblr to access your location!**

Safety

- Let someone know where you're going/time of return
- Hike with a partner when possible
- Be bear aware
 - Bring a whistle
 - Make noise
 - Consider buying bear spray
- Check for ticks
 - Permethrin

Be Bear Aware!

When visiting this area:

- Make noise while hiking
- Hike in groups
- Leash dogs

If you see a bear:

- Make enough noise so the bear is aware of your presence
- Never approach a bear

If the bear does not leave:

- Back away slowly
- Never run or climb a tree

If the bear approaches be offensive:

- Make more noise, wave your arms, and throw objects at the bear
- Black bears rarely attack humans. If you are attacked, do not play dead. Fight back with anything available.

Check out CT DEEP for more info!

Monitoring and Maintenance

- Assess your trail once a month, or after major storms
 - Report observations to Merlin
(Trails@steeprocksassoc.org)
- Perform trail maintenance on your trail
 - Prune encroaching vegetation
 - Clear drainage features

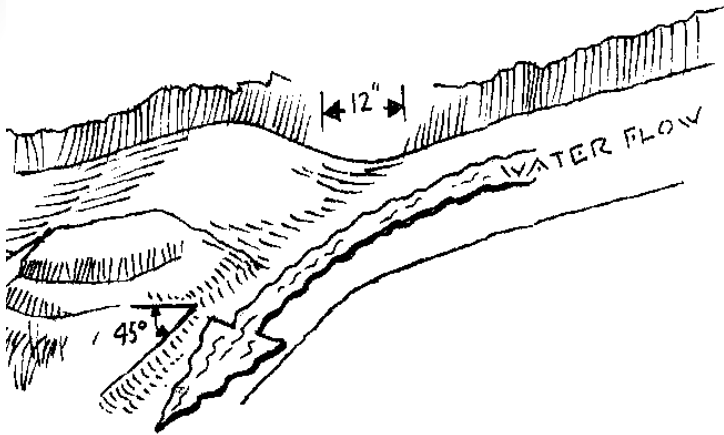

Downed/Dangerous Trees

- **Trees blocking the trail (or parking lots)**
- **Dead trees leaning over the trail**
- **Large branches or tops of trees that are hung up above the trail**

Drainage

- **Waterbars** – constructed with logs, rock, or dirt to direct water off trail
 - Should be clear of debris
- **Culverts** – should be clear of debris.
 - Check upstream side
- **Erosion** – look for rutting or mounding of leaves
- **Muddy/Wet spots** that persist

Vegetation

- **Doorway Technique**
- **Corridor Width:**
Minimum 3 feet
- **Height:**
 - Hiking trails 8 feet
 - Equestrian trails 10-12
- **Low vegetation** reaching in from the side of the trail
- **Grass is tall enough that's its difficult to walk through**

Trail Maintenance Schedule

Spring

- Clear waterbars/drains/culverts
- Pick up/clear debris on trail

Winter

- Pick up/clear debris on trail

Summer

- Prune encroaching vegetation
- Pick up/clear debris on trails

- Clear drains, culverts, and water bars of leaves/debris
- Prune encroaching vegetation
- Pick up/clear debris on trail

Autumn

Directional Blazes/Signs

- **Painted blazes/signs**
 - Reassurance
 - Navigation
 - Pay special attention in summer/winter
- **Should be clear and unobstructed**

Signs

- Be sure “**No Horse**” and “**No Biking**” signs are at the beginning of designated trails
- “**Leash Your Dog**” signs should be posted and visible at trailheads

Owl Boxes

- Position marked on maps
- Check for/report activity (i.e. owls, squirrels, etc.)

Other Issues to Report

- **Boardwalks/Bridges** – loose or rotting boards, nails/screws popping out
- **Misuse of Trails** – bikes/horses using trails, bootleg trails, motorized vehicles
- **Garbage/dog waste bags**
- **Dog waste stations**

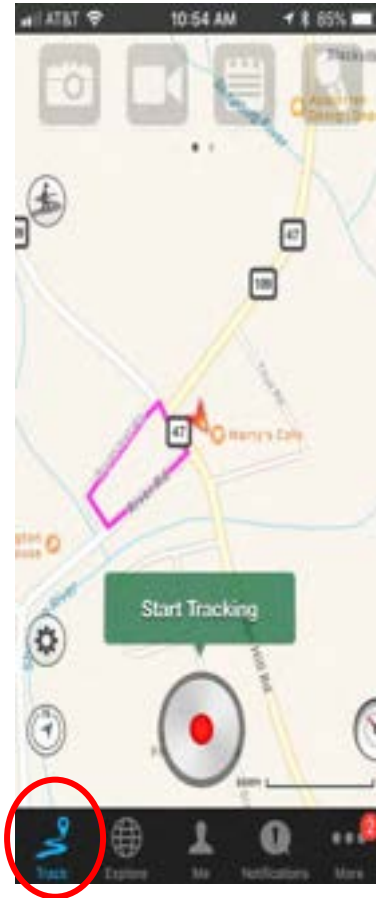

Reporting after Your Visit

- **Always report your visit, even if there's nothing to report**
- Three ways to report:
 - **Ramblr (Preferred)**
 - Paper Report Form
 - Google Form on Website

During the Hike

- Use Ramblr to track location, take photos and notes
- Hit the Track button on the bottom panel to return to map, and the red record button to begin tracking

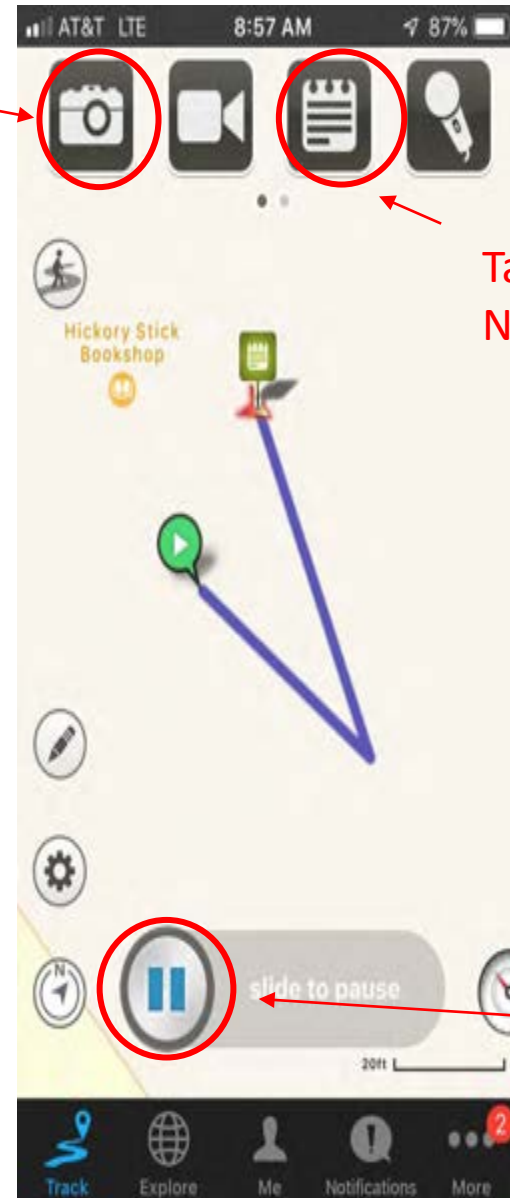

Return to Map

During the Hike

- Blinking arrow = your location
- Blue line = where you have been
- Take notes and photos as you walk
 - Click the photo icon to take a photograph
 - Caption your photo by writing a note immediately after
 - All photos and notes are geo-tagged, meaning the exact location is saved in your track
- When you are done with your hike, slide the pause button

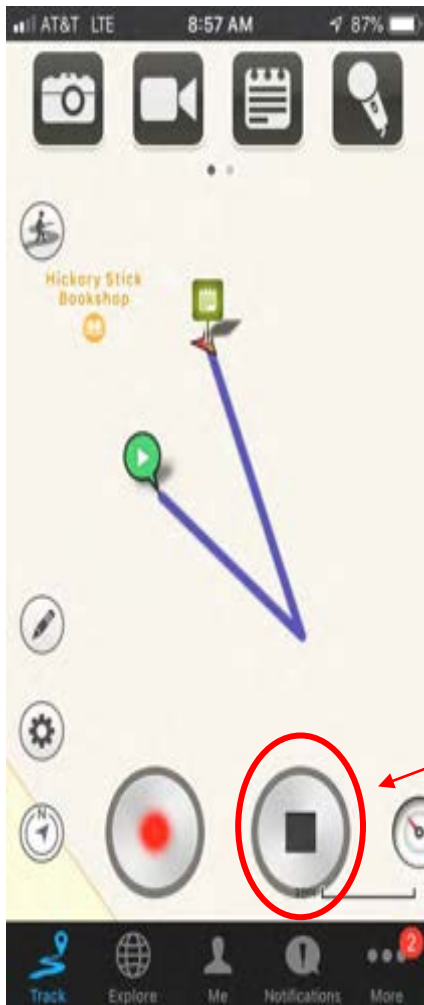

Take a Photo

Take a Note

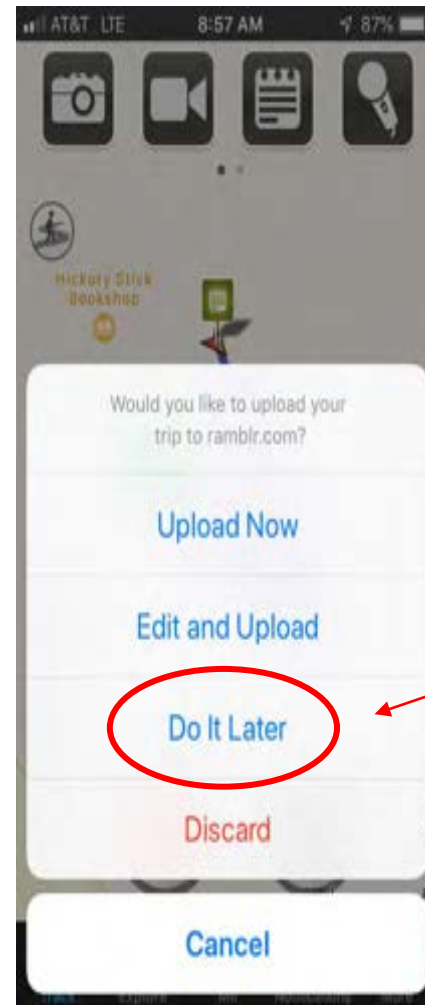

Slide to pause/stop tracking

At the End of the Hike

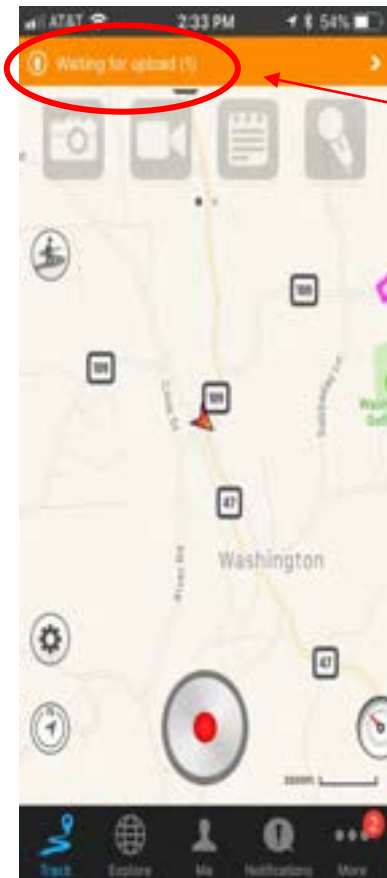

After sliding to pause the track, hit the Stop Button

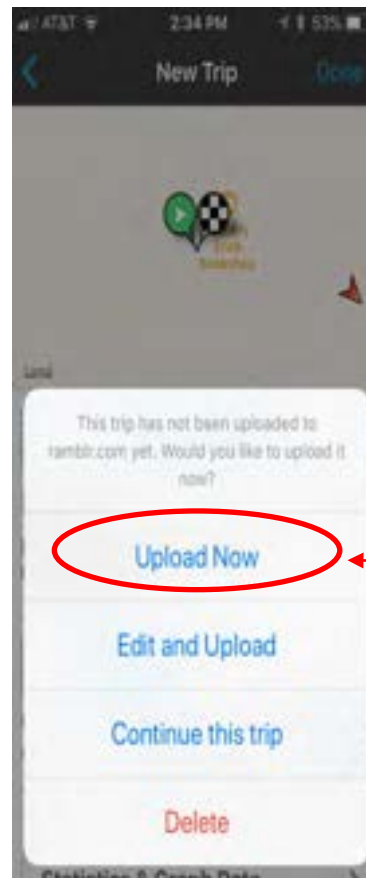

Select to upload your trip later. It takes data to upload the trip, so best to do it when you have Wifi

Next time you have wifi, open the app...

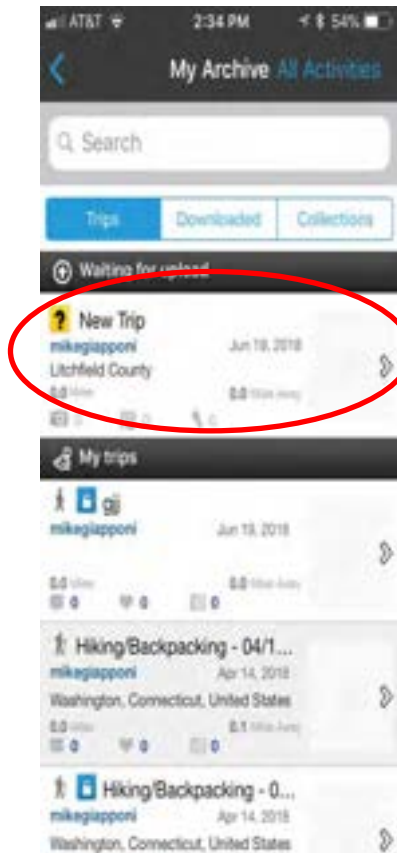

Click on the orange bar, marked "Waiting for Upload"

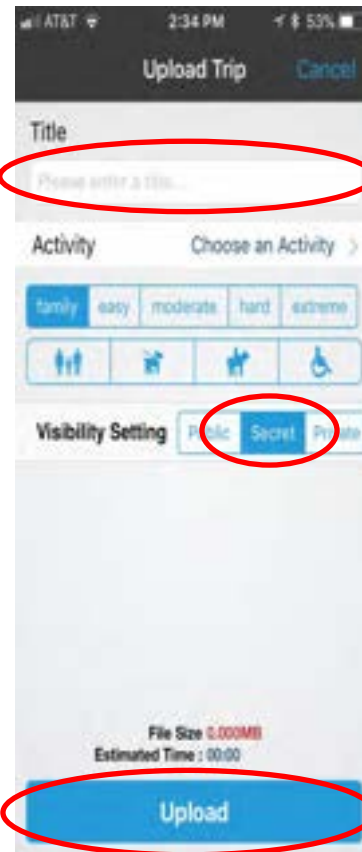

Select the "Upload Now" Button

Uploading your trip

Click on
"New Trip,"
under
"Waiting for
Upload" tab

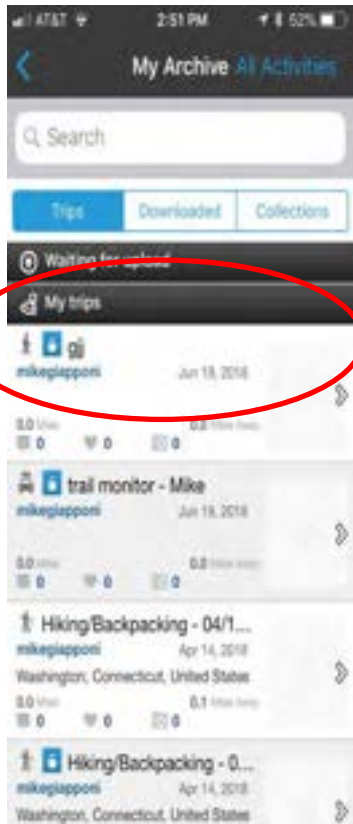

Title your trip
with your name,
trail, and the
date

Set visibility to
"secret"

Click "Upload" button
at bottom. You may be
prompted to choose a
descriptive activity.
Choose any activity
you wish.

After the visit

Click on your newly created trip under the "My Trips" tab.

Click the "Share" button

Copy the "Share URL" and paste in an e-mail to Merlin

Trails E-mail:

trails@steeprocksassoc.org

Reporting Form

Trail Monitoring

Fill out the monitoring form on your monthly inspection. In addition, walk your assigned trail after storms to report on fallen trees or water damage.

Email me with any questions or concerns.
denise.arturi@steeprockassoc.org

Preserve: _____ Date: _____

Reporting on Website

www.steeprocksassoc.org

The screenshot displays the website www.steeprocksassoc.org in a browser window. The browser's address bar shows the URL. The website's navigation menu includes "Preserves", "Explore", "Get Involved", "Learn", "Give", and "About". The "Get Involved" menu item is circled in red. Below the navigation, there are three main content sections: "VOLUNTEERS" with a "Get Your Team" button (circled in red), "EVENTS & PROGRAMS" with an "Engage in Activities" button, and "CHALLENGES" with a "Challenge Yourself" button. At the bottom of the main content area, there are two buttons: "Volunteer" and "Explore Preserves". The website features a green and white color scheme with nature-themed icons. The browser's taskbar at the bottom shows various application icons and the system clock indicating 10:44 AM on 3/15/2018.

Reporting on Website

- Scroll to bottom of Volunteer Page and select “Trail Manager Info”

Reporting on Website

The screenshot shows the 'Trail Manager Info' page on the Sheep Rock Preserve website. The page includes a navigation bar at the top with links for 'Preserve', 'Explore', 'Get Involved', 'Learn', 'Give', 'Shop', and 'ORDER BOOK'. The main content area is titled 'Trail Manager Info' and contains a paragraph explaining the role of Trail Managers. Below this is a section for 'Information for current trail managers' with a paragraph and a 'Trail Manager Report Form' button circled in red. A 'Maps' section follows, listing several reference maps, with the entire section circled in red. At the bottom, there is a 'Training Videos and other materials' section. The right sidebar contains contact information for Sheep Rock Preserve, including a phone number (860) 868-9131, address, and email. A 'Thank You For Your Support' message is also present.

Thank You For
Your Support

Tool Caches

- **Tool shed behind Steep Rock Office**
- 116 Christian St. New Preston, CT
 - Only take trail volunteer tools!

Tool Caches

Tool Rules

- Fill out the volunteer tool log
- Return all equipment within one week
- Scrub off dirt from tools before returning them
- If a tool is damaged or otherwise non-functional, mark it with red tape and contact Merlin Ennis at merlin@steeprocksoc.org or by phone at (860) 868-9131 x 105.

Other Volunteer Opportunities

- Check the SRA website for schedule
<https://steeprocksassoc.org/events-programs/>

Monthly Trail Work Party

- Third Saturday of every month, 9:30 a.m. – 12:30 p.m.
- Check the SRA website two weeks before the event for location and project details

<https://steeprocksassoc.org/events-programs/>

Steep Rockers- Rock Crew

- Trained in rock work including:
 - Building steps and crib walls
 - Cutting and moving large stones
 - Sustainable trail planning and erosion prevention

Invasive Task Force

- Year-long program overviewing invasive ID, mapping, and management

Sign Up Form

- Click on the link to access the [Trail Manager Volunteer Sign Up Form](#)
- Use the sign-up form to select your preferred trail choices
